Due to the recent “presumptive positive” COVID-19 case in Lander, the Lander Senior Center is taking steps to mitigate possible exposure to our most vulnerable community members, our senior population and those with pre-existing conditions that may weaken their immune system.

Our team is taking precautions to reduce the risk of transmission. Dining room meals at the Center will be discontinued but Seniors may still call 332-2746 and order a meal, which can be picked up at the Center front door. Home delivered meals will continue as usual.

Additionally, all Center activities will be discontinued until further notice. These include bingo, exercise classes, and games.

Transportation services are cancelled as well.

As you know, people over the age of 60 are considered more vulnerable. Please take extra precautions to protect yourselves. This includes: washing your hands for at least 20 seconds, avoid touching your face - eyes, nose, mouth, clean and disinfect frequently touched areas, and avoid close contact with people, ie. "social distancing." There is no reason to panic during this time. We all need to use common sense and try to minimize the amount of exposure to ourselves and others, with the goal of lessening transmission and thereby reducing the risk of overloading our healthcare system.

Our goal is to take reasonable and prudent steps to limit exposure to COVID-19 and to work in collaboration with other our county, city, and healthcare officials and other community organizations.

If you have any questions, please contact us at 307-332-2746.
